what's new?

LIPSTICK

Lipstick—your personality thermometer. Nothing defines your look and attitude like lipstick. New this fall, we've added eight sumptuous shades to our *Luxury Lip Color* line. Ignore your everyday color and just experiment. All it takes is one swipe to transform your look. See page 20 for more details.

CONCEALER

Concealer—your makeup miracle worker. The combination of retinol, vitamins, and botanicals fights the signs of aging in new dual-action *Flawless Age-Defying Concealer*. Our exclusive formula easily hides dark circles and minor imperfections for a smooth, natural finish. Put on as little or as much concealer as you want with our click-pen applicator. See page 14 for more details.

PENCILS

Pencils—defining your look. Nothing gives edge to your finished look like the perfect pencil. From your brows, to your eyes and lips, you'll get flawless definition and color with our new wood pencils. Lined eyes stand out and demand attention, while well-defined brows frame your face for a clean, finished look. Lip color lasts longer and looks better with a clean and distinct edge. Our new *Perfecting* formulas give you precise control over the depth and amount of applied color. Coloring between the lines isn't always boring. See page 18 for more details.

Precious metals lend drama to formal fall fashion.

Fall is all about rich, luxurious colors and sumptuous materials. From shiny sparkles to decadent fur trim, you can create a style all your own. Embroidered velvet and shimmering silk accessorized with complementary metallic ribbon are this seasons perfect materials for a dressier event.

GETTING THE LOOK

Create an aura of excitement and warmth with a fall look that represents your creative and active life. For makeup, the focus is on sultry, stunning eyes highlighted by shimmering metallic colors. Lightly defined brows are the perfect frame for luminous eyes. And matte skin creates the perfect backdrop for a soft, subtle blush and the finishing touch of rich lip color.

1. Cleanse, moisturize, and protect skin by following your *Nicole Miller* skin care regimen.
2. Apply *Flawless* concealer where needed, followed by foundation, and matte powder.
3. Line eyes, top and bottom, with *Enhance Eyeliner*. Then apply the lightest eye shadow from lash line to brow line. Brush the medium shadow from lash line to crease. Use the darkest shadow to accentuate the upper lash line.
4. Frame eyes with well-defined brows using the *Perfecting Brow Pencil*. Finish eyes with one coat of mascara.
5. Starting at the apple of your cheek, blend blush upwards toward your hairline. Keep color soft and muted.
6. Define lip edge with *Perfecting Lip Pencil*. Smooth on *Luxury Lip Color* for a shiny, tempting mouth.

Shiny, star-like metallics blend easily to create the Cool Natural look. From work to play, this look supplies just the right amount of color. Attention will stay focused on your stunning eyes and luxurious lips.

Casual chic fits right in for fall.

Romantic styles blend well with the carryover from last summer's crisp, clean looks. Classic denim is the perfect complement to fall's sparkle and shimmer.
